## HireLAX Continues to Change the Community

### We now have a total of 43 graduates that have Journeyed Out!

The HireLAX program has become a pathway for graduates to transform the community through skilled work. Graduates of the program are determined to help build a better future for themselves, their families, and the community, fostering a sense of pride and accomplishment. Graduates of the HireLAX program have made over \$20 Million in total wages, creating a ripple effect in the local economy! Through rigorous training and hard work, these individuals have become skilled journeymen, ready to take on the challenges they face within the construction industry. Of the 43 Journeymen who have completed the HireLAX program, 12% are women (compared to 4% nationwide), breaking barriers and paving the way for more gender diversity in the field of construction. Additionally, 95% of the 43 journeyed graduates are People of Color, showcasing the diversity held within the community of Los Angeles. These 43-journey people demonstrate the power of transforming lives and strengthening communities through effective training in a pre-apprenticeship program.

Congratulations to our HireLAX graduates who have achieved this remarkable milestone of becoming journey people. If you are interested in a career in construction or for more information about the HireLAX pre-apprenticeship program, please visit:
