

Worker Spotlight

Name: Eduardo Huitron

Craft/Classification: Journeyman General Carpenter

Eduardo Huitron celebrated becoming a Journeyman General Carpenter at the end of March 2023. He graduated from HireLAX in 2019 and started his career with LINXS on the APM Project. According to Eduardo, the coolest thing he has gotten to do so far is receiving concrete panels while working 80’ in the air on the APM guideway.

Before HireLAX, Eduardo was a non-union carpenter with an anemic schedule and no benefits, which was a problem as he had a small child to care for. Eduardo is now a proud papa to two boys with excellent health benefits for himself and his family, which have come in handy.

Eduardo credits HireLAX with becoming more disciplined and getting his first taste of unity with a team. He says that his favorite part of the job is the hustle, staying busy, and getting the work done!

To the contractors out there, Eduardo had these words, **“Give us a try! We won’t let you down.”**

Eduardo recently finished up his last project and is seeking his next opportunity.

If you are interested in hiring Eduardo or sponsoring a new apprentice, please reach out to :
